PROFESSIONAL SUMMARY

Python Full-stack Developer skilled in **HTML, CSS, JavaScript, Bootstrap, and React**. Experienced in building clean, responsive websites and web apps. Comfortable working with **Python, Django and Mysql** for back-end tasks. Passionate about creating user-friendly designs and writing code that works smoothly across devices.

EXPERIENCE

Accent Techno Soft | Coimbatore

Jul 2024 – Aug 2024

Full-stack web development internship

- Successfully completed intermediate full-stack web development training at Accent Techno Soft.
- Acquired practical skills in HTML, CSS, JavaScript, and MySQL technologies.

COURSE

WITSPIRE Solutions | Trichy

Mar 2025 - Aug 2025

- I completed a “Python Full Stack Development” course and learned to build full-featured web applications.
- Used HTML, CSS, JavaScript, Bootstrap, and React to create responsive and interactive front-end designs.
- Used Python for back-end development and smooth project integration.

PROJECTS

Blood-Bank Website

HTML, CSS, Bootstrap, Javascript, Django, Mysql

- Built a Blood Bank Management System using Django and MySQL.
- Added admin approval and donor-patient request features.

Personal Portfolio

HTML, CSS, Bootstrap, Javascript, React

- Created a personal portfolio website using HTML, CSS, Bootstrap, Javascript and React.js.
- Showcased projects, skills, and certifications in a clean, responsive and animated design.

Paypal Webpage

HTML, CSS, Bootstrap, Javascript, React

- Built a PayPal clone website using HTML, CSS, Bootstrap, and React.js.
- Made it responsive and easy to use with clean design and reusable parts and also used animations.

Responsive WebPage

HTML, CSS, Bootstrap

- Developed a responsive multi-page cafe website using HTML, CSS, and Bootstrap components.
- Included interactive features like product showcase, contact form, and embedded map.

Youtube Frontpage

HTML, CSS

- Designed a static clone of YouTube’s homepage interface using HTML and CSS.
- Replicated layout elements like navigation bar, sidebar, video grid, and thumbnails.

Todo List Project

HTML,CSS,JavaScript

- I developed a functional To-Do List website that enables users to add, manage, and track their daily tasks.

SKILLS

Programming language : Python

Front-end technologies : HTML, CSS, Javascript

Libraries/Frameworks : Bootstrap, React, Django
